Expected 2028

Fall 2021

PROFESSIONAL EXPERIENCE

Corporate Campaigns Manager: *Amazon Watch*

Sept. 2022 – Aug. 2026

- Influenced enhanced Amazon oil financing restrictions and tighter rights due diligence policies at major U.S. commercial banks and largest fossil fuel financiers ([Citigroup](#) and [JPMorgan Chase](#)) by procuring research reports, policy analysis, and leading pressure campaigns in partnership with Indigenous organizations
- Influenced passing of [CA Resolution 51 \(SR 51\)](#) calling on California to investigate the state's Ecuadorian Amazon crude imports by supporting ongoing research, campaigning, and advocacy efforts
- Secured international press coverage of Indigenous delegates as part of *End Amazon Crude* and *Mining Out of the Amazon* campaigns (i.e. The Financial Times, The Banker, Newsweek, DemocracyNow!, etc.)
- Led production of communications materials, such as blogs, campaign updates, and multimedia products to engage and influence shareholders, 40+ climate and rights organizations, and over 300,000+ Amazon Watch constituents

Metaverse & Human Rights Research Consultant: *Eko (formerly SumOfUs)*

May 2022

- Researched harms in the metaverse, focusing on Meta's Horizon Worlds (impacts to people, data collection, antitrust issues) by synthesizing articles, Virtual Reality (VR) policies, and user reviews
- Co-authored 12 page report calling on Meta to undertake risk assessment of human rights impacts of the metaverse, gaining media coverage in 85+ news outlets – shortly after publication, Horizon Worlds released [new safety features](#), such as Voice Mode, increasing protections for 300,000+ users

Technology & Human Rights Research Consultant: *Amnesty International USA*

Nov. 2021 – Feb. 2022

- Synthesized 40+ articles and reports analyzing emerging technologies' impact on human rights and civil rights; and developed 25+ page memo and 15+ page annotated bibliography analyzing initiatives and necessary improvements in tech law and tech policy

Open-Source Investigative Researcher: *Human Rights Center, UC Berkeley Law*

Aug. 2021 – Dec. 2021

- Analyzed multi-language disinformation using OSINT techniques, guided by UN-Berkeley Protocol
- Conducted sensitive, secure, and ethical investigations using trauma-informed methodologies, trained in using open-source verification tools (i.e. Tweetdeck, page archival, database management, etc.)

Communications Coordinator: *Liyang Network*

Nov. 2021 – Dec. 2025

- Co-coordinated and designed social media posts to uplift Philippine Indigenous rights against state-sponsored violence to 9,500+ followers in partnership with environmental defenders
- Promoted digital inclusion by developing training and facilitation materials, such as 10+ page accessibility and disability design guide for online content across Twitter, Instagram, and Facebook
